Professor of Biochemistry  
Boston University

**James Weisiger, Ph.D.**  
Director  
Scientific Evaluation Program  
National Institute of  
Arthritis, Metabolism and  
Digestive Diseases

**Jerry Williams, Ph.D.**  
Professor  
of Radiology and Pharmacology  
School of Medicine  
George Washington University

Dr. Joshua Lederberg  
President  
Rockefeller University  
1230 York Avenue  
New York, NY 10021

Dear Dr. Lederberg:

This is to confirm that I have rescheduled the meeting of the Science Advisory Board to Wednesday, June 3, in the hope that it might be possible for Marc Rabwin, who has broken his knee, to attend. The meeting will begin at 9:30 AM in our conference room, as originally scheduled.

It should be emphasized that the attached agenda for this first meeting of the Science Advisory Board in 1981 has a twofold objective:

1. to permit board members to hear directly from, and to question closely, individual investigators identified by FIBER during 1980 as being engaged in promising areas of aging research, and
2. to permit the board to meet in closed session to advise on these and other projects, to establish a role and procedures for the Board and to help chart policies and directions for FIBER. Two and a half hours are set aside at the end of the day for this closed meeting.

I'm sorry that your schedule does not permit you to attend. You will receive a rapporteur's summary, and Bill Regelson and I would be pleased to brief you individually on FIBER activities either before or after the meeting. We hope you can attend future meetings of the Science Advisory Board.

Is there any possibility you can attend the reception from 6 to 8 PM? This will be our first opportunity to introduce FIBER to Washington, and we expect a worthwhile turnout of the scientific press, of the governmental and academic communities and of potential supporters of FIBER. Some members of the FIBER Board of Directors also are expected to attend.

10 Drs Meckle, Marks + Ruth  
12 Lunch w/ Paul Marks, Gardner Lindsey  
6 After dinner

Bill Regelson and I look forward to seeing you sometime soon.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Leventhal". The signature is fluid and cursive, with the first name "Paul" being more legible than the last name "Leventhal".

Paul Leventhal  
Executive Director

PL/jf
